Commissioner for Patents

Dear Sir:

This statement is made as to the exact facts that are relied upon to establish the diligent effort made to secure the execution of the declaration by the non-signing inventors for the above-identified patent application before and after deposit thereof in the U.S. Patent and Trademark Office.

Because signing on behalf of the non-signing inventors is by an entity showing a sufficient proprietary interest, this statement also recites facts as to why this action is necessary to preserve the rights of the parties or to prevent irreparable damage.

IDENTIFICATION OF PERSON MAKING THIS STATEMENT OF KNOWN FACTS

Denise Taliaferro, Esq.
GTECH Corporation
55 Technology Way
West Greenwich, RI 02817

LAST KNOWN ADDRESSES OF THE NON-SIGNING INVENTORS

John Guest and Brian Tagg, who are non-signing inventors who cannot be found or reached. The inventors are English citizens whose last known addresses are as follows:

- (1) John Guest, Tregarth, 5 Old Street, Hill Head, Fareham, Hants PO14 3HU, UK
- (2) Brian Tagg, The Old Bakery, Cheddon Fitpaine, Taunton, Somerset TA2 8LN, UK

DETAILS OF EFFORTS TO REACH NON-SIGNING INVENTORS

John Guest and Brian Tagg are the inventors of the invention described in the present patent application. At the time of the invention, the inventors were employees of Inca Payments Ltd. ("Inca"), a UK company. At the time of filing the priority GB application no. 0229465.3 in the UK, Inca was partly owned by GTECH Corporation. Subsequent to the filing of the priority GB application, and on or around June 24, 2003, the inventors assigned rights to the invention to Inca pursuant to an IP assignment agreement referenced and attached to the separately submitted Statement Establishing Proprietary Interest. On or around February 22, 2005 GTECH Global Services Corporation acquired the remaining previously-unowned portion of Inca so as to have complete ownership of Inca, at which time Inca became a subsidiary of GTECH Global Services Corporation. At the time of filing the present application, the above-named inventors were unavailable to sign the application papers.

On March 30, 2006, I did cause to be mailed a letter to be mailed via UPS to the last known address of non-signing inventors Guest and Tagg. A complete copy of the application papers was enclosed with the registered letter. A copy of the letter as sent is attached hereto. No return receipt has been received indicating that this inventor received the application papers.

PROOF OF NEED TO PREVENT IRREPARABLE DAMAGE OR PRESERVE THE RIGHTS OF THE PARTIES

This action is necessary to preserve the rights of the undersigned entity in making a timely claim of priority under 35 U.S.C. 119(a). The present application claims priority of the earlier filed GB application serial no. 0229465.3, filed December 20, 2002.
